

NORTHLAND COMMUNITY AND TECHNICAL COLLEGE

3150P CREDIT FOR PRIOR LEARNING PROCEDURE

The procedure defines the requirements for evaluating and granting credit to a student admitted to NCTC for successful college-level learning gained in non-credit or experiential settings.

Methods of assessing credit for prior learning include:

DIRECT TRANSFER OF COURSES (See NCTC Policy 3120)

CREDIT BY EXAMINATION

- Nationally recognized examinations mandated by Minnesota Statute and Board of Trustee policy
 1. CLEP (College Level Examination Program) **SEE Part A**
 2. AP (Advanced Placement) **SEE Part B**
 3. IB (International Baccalaureate) **SEE Part C**
- Other nationally recognized examinations;
 1. NOCTI (National Occupational Competency Testing Institute) **SEE Part D**
 2. DSST (DANTES Subject Standardized Test) **SEE Part E**
 3. Thomas Edison College Examination Program (TECEP)
 4. New York University Foreign Language Proficiency (NYUFLP)
 5. Excelsior examinations **See Part F**
- ACE endorsed examinations;
- Course Specific Examinations (test out) **SEE Part G**

AWARDING OF CREDIT FOR MILITARY EXPERIENCES

Students having served in the military may request to have credit awarded for experiences gained while serving in the military, in accordance with Minnesota Statue 197.775, Sub. 2. Requests will be evaluated based on the program of study at Northland. A copy of the veteran's DD-214 and any other transcribed records of education must be on file in the Registrar's Office.

Students will be awarded four (4) credits for their basic military training. Students enrolled in technical programs may receive credit for CRLT 2103, Job Seeking/Keeping and SSCI 1101, Human Relations. Other students will have these credits listed as general electives and they may or may not transfer to other institutions.

Additional credit may be awarded depending on the type of training/education received. When we evaluate these courses we will use the "Guide to the Evaluation of Educational Experiences in the Armed Forces" as our guide and we will award credit as recommended by the American Council on Education.

CREDIT FOR EXPERIENTIAL LEARNING

Students may earn academic credit in certain college courses applicable to their program of study if they have gained skills and knowledge from previous education, job training, self-study, or occupational experiences. In some programs, students may be permitted to start at a more advanced level if they can demonstrate college-level competency similar in nature and quality to the competency they would acquire in courses offered by the College.

Academic credit may be given for credit by examination, proficiency demonstration, and/or college-level experiential learning as documented by portfolio assessment. Students may be charged applicable fees.

TECH PREP ARTICULATION

Northland Community and Technical College will recognize official agreements with specific high schools for specific course work providing they meet the criteria and conditions of NCTC's "Program Articulation Agreement for Advanced Standing."

CREDIT BY EXAMINATION

Part A: CLEP

CLEP stands for College Level Examination Program which is offered by the College Board. It offers students the opportunity to obtain recognition for college-level achievement in five general areas as well as numerous subject areas. The General Examinations measure material usually covered in the first two years of college and often referred to as general education requirements. The Subject Examinations measure achievement in specific college courses and are used to grant exemption from and credit for these courses.

A CLEP Subject Examination may not be taken to establish credit for a course in which a student has already earned credit in a higher level sequential course. A Subject Examination may not be used to establish credit in a subject which the student has previously failed.

Subject Examinations, minimum scores, credits, and NCTC course equivalent:

Western Civilization I	50	4	HIST 1101
Western Civilization II	50	4	HIST 1102

NOTE: Acceptable scores may vary among colleges and universities.

Part B: ADVANCED PLACEMENT

Advanced Placement (AP) is a program of the College Entrance Examination Board through which secondary students complete college-level courses in high school that are designated as AP and earn college credits by demonstrating a specified level of performance on AP examinations. The AP examinations, which are scored on a 5-point scale, can be taken by any student who feels prepared by independent study or other preparation as well as by students who complete AP courses.

Northland will grant credit for AP examinations according to the following:

1. A score of 3 is the minimum score required for credit to be awarded.
2. The same amount of credit will be granted for scores of 3, 4, and 5.
3. Credit will be given for a specific college course if a test covers substantially similar material. If the test material does not match an existing course, students will be awarded up to 4 semester elective credits.
4. Students may petition for elective credits to meet certain general education requirements for an Associate Degree.

5. There is no limit to the total number of credits a student can earn through AP courses and tests.

PART C: INTERNATIONAL BACCALAUREATE (IB)

The IB program is an internationally recognized program through which a secondary student completes a comprehensive curriculum of rigorous study and demonstrates performance on IB examinations. A student may present a full IB diploma or a certificate recognizing specific higher level or standard level examination scores.

Higher level IB examinations assess work for higher level courses which generally involve significant breadth and depth of learning. They represent a recommended 240 teaching hours. Standard level IB examinations assess work completed at a narrower or less rigorous level than the higher level examinations. They represent a recommended 150 teaching hours. The IB

diploma covers six subjects and is awarded to students who achieve specified scores on three higher level and three standard level examinations or four higher level and two standard level examinations.

IB Diploma:

Students who attain an International Baccalaureate (IB) diploma shall be granted six (6) lower division course credits for scores of 4 or higher on each Higher Level IB examinations and two (2) lower division course credits for scores of 4 or higher on each Standard Level IB examination.

Individual IB examinations:

Higher level examinations. A student shall receive three (3) or more course credits for scores of 4 or higher on individual Higher Level IB examinations.

Standard level examinations. A student shall receive two (2) or more credits for scores of 4 or higher on individual Standard Level IB examinations.

PART D: NOCTI (NATIONAL OCCUPATIONAL COMPETENCY TESTING INSTITUTE)

NCTC shall grant credit to students who have met or exceeded national average scores on the National Occupational Competency Testing Institute (NOCTI) assessments for specific skill sets in specific program areas. It is the student’s responsibility to provide the documentation to support their request.

Part E: DANTES SUBJECT STANDARDIZED TESTS (DSST)

DANTES stands for Defense Activity for Non-Traditional Education Support. They offer military personnel an extensive series of examinations in college subjects that are comparable to final or end-of-course examination in undergraduate courses. Northland will award three credits for successfully passing each examination:

Transition to the Registered Professional Nurse Role (495)	No Equivalent	N/A	N/A

Note: Science exams taken through Excelsior do not include a lab component therefore will not be awarded equivalency to Northland science courses.

Part G: TEST OUT

A currently enrolled student in good standing may petition to challenge any college level course at Northland Community and Technical College. A challenge may be granted with the approval of the instructor and academic dean. The process may be initiated by the student obtaining a Credit by Examination form from the Student Services office to secure approval for such an examination. Test out options may not be available for all courses. A fee based on the lecture/lab content of the course will be assessed for the examination. The instructor will be paid for construction and administration of the examination according to the collective bargaining agreement.

If the student passes the test, it is recorded as a CR (Credit by Exam) on the student's transcript. If the student fails the test, the attempt is not recorded on the student's transcript.

Credit by Examination (Test-out credits) will not be counted in the student's GPA, nor will they factor in the determination of financial aid, but they will be listed on the transcript. There will be no limit on the number of courses of which a student may test-out, except that the student must meet the College requirement for credits taken on campus. Credits earned through test out may not transfer to other institutions.

A student may not test-out of a course that appears on the student's record. A student may not repeat a test out (credit by exam).
