Mission Statement:
To provide education that will empower productivity through personal development and increased knowledge of Digi-Key’s market, products, applications and business knowledge.

PROGRAM LOGISTICS Tech I:
• Classes will be offered one evening per week (15 weeks per session for a total of 45 weeks).
• Certificate I: New co-horts will start each semester (January & September).
• Time: 6:00 - 9:00 PM
• A light evening meal will be provided by Digi-Key at the college before each class begins (5:45 PM - 6:00 PM).
• Location - Northland Community & Technical College - Thief River Falls campus.
• Classes will focus on the electronics industry, increasing product line knowledge.

PROGRAM LOGISTICS for Supervisory Leadership, General Electives and Business Courses:
• Check course schedule on-line at: www.northlandcollege.edu/schedules.
• New courses may be offered each semester.
• On-line and on-campus options available.
• Prior to registration please contact Diane Wagner, Digi-Key Human Resources, at ext. 1315, to obtain a Digi-Key University Registration form or registration forms can be found on-line at: https://inside.digikey.com/sites/HR/DK_University/Forms/Registration.pdf which can be completed and sent to Diane Wagner.

TUITION AND BOOKS:
• Costs reimbursed by Digi-Key.

TUITION REIMBURSEMENT:
• Please refer to Digi-Key’s tuition reimbursement policy for payment information.
• See Digi-Key Human Resources website.

FREQUENTLY ASKED QUESTIONS

1. If I complete this program, does this mean I’ll be eligible to become a Supervisor at Digi-Key?
• Participants who obtain their Certificate through Digi-Key University and then go on to complete the Business Associate of Science degree through NCTC would obtain valuable knowledge that will better position them to be eligible to apply and be considered for roles with elevated experience and education requirements.

2. What level of commitment is expected of me within Digi-Key University?
• Participants who enroll in Electronics Technology Marketing I (Tech I) are requested to complete all three courses with their cohort. There is not an obligation to sign up for complete Electronics Technology Marketing II, the Supervisory Leadership Certificate or take any Digi-Key Electives.
• Those who enroll in Digi-Key General Education Courses and/or Business Electives must complete the course with a “B” average or better in order to receive tuition reimbursement.
• Participants who enroll in General Elective courses only or Business courses have no obligation to enroll in the degree programs.

3. How do I register?
• Prior to registering for any parts of the program (Digi-Key Technology I, Digi-Key Technology II, Specified/Gen Ed classes, or either degree program), approval must be received from the participant’s department management by completing the Digi-Key University Registration and Student Agreement forms. Please contact Diane Wagner in Human Resources to ensure your name is on the waiting list.

4. Do I have to work toward the Business Associate of Science degree to be able to take classes from the Digi-Key’s specified list of courses?
• No, you can take as many courses as you wish from the Digi-Key specified course list without committing to a Business Degree.

5. Does the Supervisor Leadership Certification need to be completed prior to beginning the business required courses?
• No, students will complete the Supervisory Leadership Certificate in the process of obtaining their Business Associate of Science degree, but it is not required to begin taking business courses.

6. If my class time falls during my scheduled work time, do I time stamp out for the time missed?
• Yes. When leaving for class, participants must time stamp out and back in when returning. Also, participants must submit the NCTC Req paycheck code for supervisor approval. This code must be used instead of personal time or school time so the personal bank of available time is not affected.

7. Can I take General Education courses not listed under Digi-Key’s Specified Courses without completing the Business Associate of Science degree?
• Yes. General Education courses may be taken prior to completion of the degree although reimbursement for the cost of tuition and books for non-specified courses will be deferred until completion of the degree.

www.northlandcollege.edu/coi
A Member of the Minnesota State Colleges & Universities
Northland’s Center for Outreach & Innovation and Digi-Key Electronics have partnered in the development of company-funded, credit-based, Certificate, Diploma, and A.S. Degree programs in Electronics Technology Marketing and Business. The goal of these programs is to improve employee productivity through increased knowledge of the company’s products and how that relates to the sales process and increase business skills.

**GOALS:**
- Gain product and general business knowledge
- Develop technically competent employees
- Speak the industry language utilizing an in-depth understanding of Digi-Key
- Increase employee job satisfaction and retention through a company paid education program

**WHO’S ELIGIBLE:**
- All Digi-Key employees who have been employed at Digi-Key for more than 3 months (Introductory Period)

**WHAT’S IN IT FOR ME?**
- Courses will provide a simple understanding of electronics and general business concepts, and course structure will make learning meaningful and fun
- Courses will incorporate real-life experience into your learning experience
- Cost of tuition and books will be paid or reimbursed by Digi-Key

**WHAT’S REQUIRED OF ME?**
- Complete all courses in the program
- Exceptional class attendance for the duration of the program
- Participate in and complete all coursework
- Earn a grade of “B” or better in the Digi-Key General Education and Business Elective courses (for Digi-Key to sponsor these course costs)
