

2010 POLICY STATEMENT

The handbook, catalog, and website contain policies, procedures, and information necessary for the operation of Northland Community and Technical College. The policies and procedures have been reviewed and approved by Northland. It is the intent of the College that these policies and procedures respect individual student identity, while being applied consistently and uniformly. These policies and procedures were developed according to the most recent rules, regulations, and data available at the time of publication. However, Northland policies and procedures are subject to revision by state and federal agencies, which are beyond the jurisdiction of the College. Changes in rules, regulations, policies, and procedures made by higher levels and agencies of government supersede College policy. All policies will be reviewed for possible revision on a routine basis.
