

NORTHLAND COMMUNITY AND TECHNICAL COLLEGE

7031 RESALE ACTIVITY

Resale activities may be conducted by programs in which providing the good or service is integral to the college's instructional mission. The goods and services sold to students, staff and the general public are provided by students participating in instructional programs. This is in compliance with MnSCU Board Policy 7.6.

Products or services offered by the college shall normally be priced to recover, at a minimum, all costs related to producing the product or service. If the activity is integral to the fulfillment of the college's instructional mission, prices may be established at less than or more than full cost recovery upon approval by the college president. Like programs on both campuses shall standardize pricing practices when possible. Price lists will be submitted to the Director of Finance by September 1st each fiscal year. Revenue in excess of cost of service/product remains in the program to offset instructional expenditures.
