

COVID-19 Notice

Northland Community and Technical College holds as paramount the health, safety and welfare of every member of its community. Northland however, cannot guarantee a COVID-19-free environment. Unfortunately, the risk of COVID-19 exposure exists in all public places where people are present. Northland is taking all recommended steps to mitigate this risk, but we cannot categorically guarantee that individuals will not get sick. Minimizing the risk of COVID-19 infections (or any other spread of disease) at Northland is a shared responsibility. Every member of our community and visitors to our community must do their part. Understand that if people return to the physical campus of Northland there is a risk that they may contract COVID-19 and that illness, injury or death is a possible result.
