

Bobbie,

Below are the list of activities we developed and participated in through the Criminal Justice Club. I suppose some could be tied a course.

**Challenge Course 9-21-24** To build confidence, relationships, communication, empathy, teamwork and leadership among the students.

**Paintball Challenge 10-6-24 (SKILLS Firearms)** To build relationships and team bonding, practice tactics and leadership skills and develop communication and organizational skills.

**Shop with a Cop 12-12-24 (Community and Diversity)** The objective of the event is to collaborate with a local business, law enforcement, Social Services, Northland Community College, CJ Club members and under privileged or struggling families as a positive law enforcement and college interactive community event. The events focus will be to break down any barriers between the police and families or youth in the community.

**Small Drone Presentation 1-22-25 (Investigations)** To expand the student's knowledge on current and up and coming technology advances in the word of aviation and drones as it pertains to police work.

**K9 Demo Feb 2025 (Investigations)** To observe and understand the different techniques and applications a K9 can provide in the Criminal Justice Field

**Northrop Grumman-Large Drone Tour 2-12-25 (Investigations)** To expand the student's knowledge on current and up and coming technology advances in the word of aviation and drones as it pertains to police work.

**Basketball Tournament 3-23-25 (Community and Diversity)** To build and expand relationships with area law enforcement and the community through public events.

**BCA Tour 3-25-25 (Investigations)** The tour will expose and educate the students of the advanced crime scene technology capabilities and investigative techniques. It will also provide insight and an understanding into the BCA processes and procedures as it pertains to evidence that they will be submitting during their criminal justice careers.

**Prison Tour April 7 & 8, 2025 (Corrections/Probation)** The tour will expose and educate the students on the MN Prison system, prison processes, different prison specialties along with various rehabilitation programs.

**Bowling 5-8-25** The Club Bowling Event is an end of the year celebration of accomplishments the students have made over the past year. It also commemorates the overall completion of the Criminal Justice Program for some.

This event helps continue to create or build relationships that will be used throughout their careers.

**Previous years**, through the Criminal Justice Club students participated in the Polar Plunge for the Special Olympics, Life Flight Demo, Active Shooter training with local LE and a Jail tour across MN.

I know Tracy Jo has professional quality photos of a lot of the big events(Basketball Tournament and Shop with a Cop). We also tried to put photos for all our events on our Northland's Criminal Justice facebook page.

I hope this is the type of information you needed. If this works great, if you need something else let Dave and I know.

Thanks,  
Randy
