During the 2025-year, Northland adjusted the paramedic program start time from spring to fall. The last spring start cohort graduated in December of 2024. The next cohort started in the fall of 2025 and graduated in 2026. The program had students enrolled both years, however, there were no graduates in 2025.

RETENTION

The Retention outcome threshold set by the CoAEMSP is 70% and based on the Retention/Attrition formula. All programs must calculate Retention based upon the number of students enrolled after completing 10% of the program's advertised TOTAL clock hours (e.g., 10% of 1,200 total clock hours = 120 hours; students completing more than 120 hours will be considered enrolled and will be counted in the calculation of the Retention outcome). This includes all CORE Paramedic coursework (not inclusive of prerequisites such as English, anatomy and physiology, EMT, etc.). Core Paramedic coursework encompasses all phases of the program including didactic, lab, clinical, field experience, and capstone field internship.

Retention will be computed using the total number of students that completed in the most recent reporting year (2025) and is calculated by determining Attrition (the number of students who dropped out divided by the number enrolled after 10% of total clock hours). Once the Attrition percentage has been determined, then the Retention percentage is 100% minus the Attrition percentage.

Manually Calculate Attrition/Retention Results:

$$\text{Attrition} = \frac{\text{Total \# of Academic Reasons + Non-academic Reasons}}{\text{Number enrolled after 10\% of total clock hours}}$$

Retention = 100% - Attrition

NATIONAL REGISTRY / STATE WRITTEN EXAMINATION

The Written Examination (National Registry/State) outcome threshold set by the CoAEMSP is 70%. The success of any examination results will be computed using the most recent reporting year (2025) based on the total number of graduates attempting the examination. Each graduate should be reported only once.
